

Subjects SERCOMmunication #11

- » Workshops "Green Digitalisation" Inholland University
- » Spranco-Matic new dealer for Belgium
- » New Pyrgeometer
- » SercoVision on a separate PC
- » Sercom end user Yili Farm

Dear reader,

It is time for a new edition of SERCOMmunication. This includes attention to the Green Digitalisation workshops and our new dealer in Belgium.

Workshops Green Digitalisation

SERCOM will organise two workshops in collaboration with Inholland University of Applied Sciences. Workshop 1 lasts three hours and workshop 2 is a three-day workshop of three hours each day.

Spranco-Matic new dealer for Belgium

We can now announce that we have a new dealer for Belgium. Spranco-Matic is now an official Sercom dealer.

Want to become a Sercom dealer too?

Are you (or do you know) a technical company or individual working in greenhouse horticulture, the storage of fruit and vegetables or in fruit production and are you interested in representing SERCOM locally? Please contact us at sales@sercom.nl.

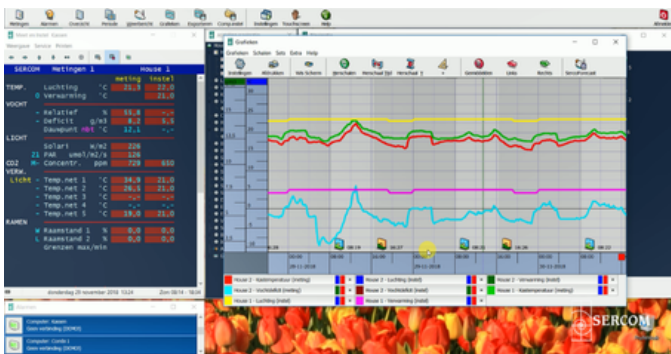

New Pyrgeometer

The Pyrgeometer CG3 appeared to be no longer available earlier this year. We have now found another manufacturer who can supply a Pyrgeometer at a more favorable price. This concerns the IR02-T2 from the company Hukseflux.

SercoVision on a separate PC

It sometimes happens that SercoVision is installed on a PC at the end user, whilst this PC is also used for other purposes. SERCOM's advice has always been to install this operating program on a separate PC.
