- Package selection 1, 2, or 3

CREATING A CUSTOM-SPECIFIC DASHBOARD CAN BE CREATED BASED ON POST-CALCULATION

☒ Check the box to indicate your choice.

¹⁾ To use this option, a touchscreen PC is required.

²⁾ This option only works in combination with Option graphs [ART-2012].

³⁾ The measurements can be retrieved by: Let'sGrow, Klimlink, Paskal, Enova, Infa Techniek or Automated4U.

⁴⁾ The InfoGraphics option only works if the SercoView option is already present.

Do you have any questions? Call us and ask for the Sales department.

☐ I want to upgrade more PCs at my company and take advantage of this upgrade promotion.
